

Becoming a FRIEND OF DR JOHN MARSH is one of the best and easiest things you could do today! There are no meetings, no elections and no endless parade of phone calls and letters asking for more money. We'll only ask you once a year to renew your Annual Support. We won't use your support money just to get more money from you. We hate that. We save most of your money in our Stabilization fund. We are growing this fund as quickly as possible so we can contribute to whatever steps the state may take to stop the deterioration of the house. We used stabilization funds in the past to build a temporary protective tin roof over the original roof to keep the rain from pouring into the house. Along with those funds which were used to buy materials [at cost thanks to Home Depot and Big B Lumberteria] went hundreds of volunteer hours contributed by local union members. As you see, the house has never lacked people who love it and are willing to contribute. You will have only one task as a member of the FRIENDS. That is to write to the Governor or the Legislature or the California Dept of Parks & Rec or whoever else may need to hear your voice. Like any good FRIEND we also hope you will introduce us to your own circle of friends. When we need a letter or postcard or e-mail of support we'll let you know, usually not more than 2 or 3 times a year. Once in awhile you'll get a newsletter from us to keep you up to date on what's happening, and of course we'll let you know when and if there are events relating to the house, just in case you'd like to attend. Of course, on that great day sometime in the future when there is a Grand Opening of the new State Park we hope you will be there to help us celebrate.

We have no paid help, our Board Members serve without pay and pay their own expenses. We currently spend less than 1% of our assets on annual operating expenses for the TRUST and FRIENDS. If you would like a copy of our Financial Statement just let us know. Thanks, we look forward to adding you to our project.
